

MEMBER DUES

All Airport Membership dues are formula-based and are a function of an airport's passenger and cargo activity, except for general aviation airports. The passenger and cargo levels are accounted for through the determination of an airport's "traffic units" (TUs). For the determination of traffic units, a TU is assigned for each of the following:

- Each enplaned passenger = 1 TU
- Each deplaned passenger = 1 TU
- Each 100 kilograms (220.46 lbs) of enplaned freight and mail = 1 TU
- Each 100 kilograms (220.45 lbs) of deplaned freight and mail = 1 TU

Dues levels are based on total TUs at an airport for the year in which a full year of traffic data is available from ACI World Traffic Reports (i.e., 2026 membership dues are based on 2024 traffic data since the information is calculated in October/November time period).

2024 Traffic Units	Dues Calculation	2026 Dues Amount
Zero - 99,999	Flat Fee	\$1,048
100,000 - 299,999	Flat Fee	\$3,303
300,000 - 599,999	Flat Fee	\$4,912
600,000 - 999,999	Flat Fee	\$7,532
1,000,000 - 100,000,000	Formula*	Varies by level of traffic unit

General Aviation airports dues levels are calculated using based aircraft during a year from the Federal Aviation Administration's National Plan of Integrated Airport Systems (NPIAS), which is updated every two years. General Aviation airports have neither commercial passenger traffic nor commercial airline service.

2024 Traffic Units	Dues Calculation	2026 Dues Amount
Zero - 500	Flat Fee	\$940
501+	Flat Fee	\$2,962

MEMBERSHIP PRICING

All memberships are corporate. The company is considered the member and benefits are extended to all of the Member Company's employees. Membership is on a calendar year basis, beginning January 1 and ending December 31. Membership must be renewed each year. Membership Benefits become effective upon receipt of full dues payment. All dues are quoted in U.S. Dollars.

UNDERSTANDING YOUR DUES INVOICE

As a member-based trade association, ACI-NA's success in advancing airport priorities is only possible through the strong support of members who contribute financial resources to help ACI-NA fulfill its mission to ensure a modern and competitive airport industry.

Members in good standing are able to take full advantage of the many benefits of membership, including participation in all ACI-NA committee activities, access to first-in-class tools and resources, and legislative and regulatory advocacy to benefit our members. Additionally, ACI-NA provides a forum where airport industry leaders can network with industry peers to discuss and develop cost-effective solutions for enhanced safety, security, and efficiency. Participation in ACI-NA also provides access to ACI World programs and data. This includes the Airport Service Quality Program (ASQ); the only global airport survey based on measuring passengers satisfaction while they are at the airport.

U.S. INTERNATIONAL AIR SERVICE PROGRAM DUES

This fee gives U.S. airports information on U.S. government negotiations on Open Skies, air service and international agreements, allowing airports to promote and protect their interests with U.S. and foreign decision makers. ACI-NA staff participates as a member of the U.S. delegations which negotiate international aviation issues and in preparations leading up to aviation consultations and decisions. The direct participation ensures that the U.S. is aware of general and specific U.S. airport/community interests during the consultations. It also enables staff to inform participating airports of ongoing developments so they can effectively pursue their interests with airlines and the governments.

2026 USIAS Program Dues	
2024 Total International Passengers	Amount
0-49,999	\$2,300
50,000-99,999	\$3,500
100,000-249,999	\$7,000
250,000 and Above	\$9,000

ASSESSMENT PROGRAMS

In addition to base membership dues, the ACI-NA Board of Directors established three voluntary assessments to support our efforts in research, the use of expert consultants and outside legal counsel, and staff costs associated with ensuring that airport policies and recommendations as directed by our Board of Airport Directors are heard by the appropriate parties.

Legislative Assessment: The ACI-NA Government Affairs team not only provides the most up to date information to members on legislative activities and Congressional hearings, but educates Members of Congress and their staff on airport financial issues and operational concerns. Whether working for additional airport financial resources; improved airport operational efficiency; legal protections, or airport proprietor rights, ACI-NA ensures your voice is heard on Capitol Hill. There are additional benefits for airports that participate in the Premier Legislative Assessment.

2026 Legislative Assessment

2024 Total Traffic Units	Amount
Class A Airports (0-99,999)	\$250
Class A1 Airports (100,000-999,999)	\$1,500
Class B Airports (1,000,000 - 4,900,000)	\$7,500
Class C Airports (4,900,001 - 19,500,000)	\$18,000
Class D1 Airports (19,500,001 - 58,000,000)	\$27,500
Class D2 Airports (58,000,001 +)	\$30,000

Policy Assessment: The Policy Assessment covers research and review of federal policies or proposed regulations and ACs that could impact the industry. ACI-NA staff is recognized as experts in the areas of safety, operations, technical, security, facilitation, environmental, public safety and consumer protection/passenger rights, and both federal and Congressional staff seek our input on proposals impacting airports. We also can assist with peer reviews related to environment, operations and technical matters, and financial best practices.

2026 Policy Assessment

2024 Total Traffic Units	Amount
Class A Airports (0-99,999)	\$250
Class A1 Airports (100,000-999,999)	\$750
